Core Competencies

Liberty Precision Company is an industry leader in precision machining, known for producing high-quality, complex parts with quick turnaround times. We serve a diverse range of industries, adhering to stringent standards and delivering reliable results.

- **PRECISION MACHINING:** CNC Lathes, Milling, and Wire EDM for complex components.
- **PROTOTYPE & SHORT-RUN:** Rapid prototyping and small batch production.
- **CERTIFIED QUALITY:** *ISO 9001:2015* & *AS9100D* certified for consistent results.
- **RELIABLE PRODUCTION:** Streamlined processes for fast turnaround.
- **STATE-OF-THE-ART FACILITY:** 22,000 sq. ft. climate-controlled shop with the latest CNC technology.

Past Performance

- **Oil & Gas:** Over 11 years of experience, generating \$15M annually by providing reliable components for drilling, refining, and deepwater applications.
- **Aerospace:** 5+ years manufacturing high-precision parts, supporting space exploration and aircraft safety with \$3M in annual revenue.
- **Defense:** 5+ years delivering durable, mission-critical components, contributing \$1M annually to meet mil-spec standards.
- **Nuclear:** 5+ years crafting reactor and power system components for stringent nuclear applications, driving \$3M in yearly revenue.

Differentiators

- **High Output:** Producing **12,000 parts annually**, meeting large-scale needs.
- **Quality Assurance:** **<0.012% scrap rate**, delivering precise parts with minimal defects.
- **Dependable Delivery:** **99% on-time**, keeping projects on schedule.
- **R&D Support:** **Prototyping** and **design optimization** for product development.
- **Customer Focused:** **Flexible solutions** tailored to specific project requirements.

Company Data

Liberty Precision Company is a premier machine shop located in Houston, Texas, equipped with advanced CNC machinery to serve industries such as Aerospace, Defense, Oil & Gas, and Nuclear. We are committed to delivering high-quality, on-time products that meet the most demanding requirements.
